What is CRT Program

Companies today use a few standard techniques to evaluate candidates. These include written Aptitude tests, Psychometric Tests, Group Discussions and Personal Interviews. A thorough preparation is the best way to ensure a good performance in these selection processes and thus get a good job. We train the students on a variety of areas to ensure that they are adequately prepared to handle the tests conducted by various companies.

DURATION: 5+ HOURS PER WEEK

WHAT DO YOU NEED TO KNOW

- Reasoning
- Quantitative Ability
- English Language

Why CRT

CRT is required to get trained and on Soft Skills, Resume Preparation, Group Discussion, Personal Interview and frequently asked questions in an Interview. This helps a student to cross each of the various levels that companies conduct.

02 CRT
